## V. Accelerated Approval of Proposed Rule Change

The Commission finds good cause for approving the proposed rule change prior to the 30th day after the date of publication of notice in the **Federal Register**. The Commission believes that the proposed rule changes update the Holdco LLC Agreement to reflect recent corporate changes among its shareholders and make other updates that do not materially alter Holdco governance or adversely impact governance of the Exchange. Accordingly, the proposed changes do not appear to present any novel regulatory issues. Furthermore, the Commission believes that the proposed amendments to the provisions relating to a quorum of the Holdco Board are necessary to preserve an appropriate balance and to avoid a situation in future Holdco Board meetings of one shareholder having an inappropriate and disproportionate impact on quorum. Accelerated approval of the proposal allows the updated quorum provision to take effect prior to the next Holdco Board meeting. For these reasons, the Commission finds good cause for approving the proposed rule change, as amended, on an accelerated basis, pursuant to Section 19(b)(2) of the Act.<sup>42</sup>

## V. Conclusion

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act<sup>43</sup> that the proposed rule change (SR–MEMX–2021–04) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>44</sup>

Assistant Secretary.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–91479; File No. SR–CboeBZX–2021–023]

### Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change To Extend the Cutoff Time for Accepting on Close Orders Entered for Participation in the Exchange's Closing Auction and To Clarify Changes to the Definitions of Late-Limit-On-Close and Late-Limit-On-Open Orders as Provided in Exchange Rule 11.23

April 5, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on March 26, 2021, Cboe BZX Exchange, Inc. (“Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) proposes to extend the cutoff time for accepting on close orders entered for participation in the Exchange's Closing Auction and make clarifying changes to the definitions of Late-Limit-On-Close (“LLOC”) and Late-Limit-On-Open (“LLOO”) orders as provided in Exchange Rule 11.23. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website ([http://markets.cboe.com/us/equities/regulation/rule\\_filings/bzx/](http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/)), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The purpose of the proposed rule change is to extend the cutoff time for accepting on close orders entered for participation in the Exchange's Closing Auction.<sup>3</sup> Additionally, the Exchange proposes to make clarifying changes to the definition of Late-Limit-On-Close (“LLOC”)<sup>4</sup> and Late-Limit-On-Open (“LLOO”)<sup>5</sup> as provided in Exchange Rules 11.23(a)(11) and (12), respectively.

Currently, Users may submit Market-On-Close (“MOC”)<sup>6</sup> and Limit-On-Close (“LOC”)<sup>7</sup> [sic] until 3:55 p.m. ET (“Closing Auction Cutoff”), at which point any additional MOC and LOC

<sup>3</sup> See Exchange Rule 11.23(c).

<sup>4</sup> The term “Late-Limit-On-Close” or “LLOC” shall mean a BZX limit order that is designated for execution only in the Closing Auction. To the extent a LLOC bid or offer received by the Exchange has a limit price that is more aggressive than the NBB or NBO, the price of such bid or offer is adjusted to be equal to the NBB or NBO, respectively, at the time of receipt by the Exchange. Where the NBB or NBO becomes more aggressive, the limit price of the LLOC bid or offer will be adjusted to the more aggressive price, only to the extent that the more aggressive price is not more aggressive than the original User entered limit price. The limit price will never be adjusted to a less aggressive price. If there is no NBB or NBO, the LLOC bid or offer, respectively, will assume its entered limit price. See Exchange Rule 11.23(a)(11).

<sup>5</sup> The term “Late-Limit-On-Open” or “LLOO” shall mean a BZX limit order that is designated for execution only in the Opening Auction. To the extent a LLOO bid or offer received by the Exchange has a limit price that is more aggressive than the NBB or NBO, the price of such bid or offer is adjusted to be equal to the NBB or NBO, respectively, at the time of receipt by the Exchange. Where the NBB or NBO becomes more aggressive, the limit price of the LLOO bid or offer will be adjusted to the more aggressive price, only to the extent that the more aggressive price is not more aggressive than the original User entered limit price. The limit price will never be adjusted to a less aggressive price. If there is no NBB or NBO, the LLOO bid or offer, respectively, will assume its entered limit price. Notwithstanding the foregoing, a LLOO order entered during the Quote-Only Period of an IPO will be converted to a limit order with a limit price equal to the original User entered limit price and any LLOO orders not executed in their entirety during the IPO Auction will be cancelled upon completion of the IPO Auction. See Exchange Rule 11.23(a)(12).

<sup>6</sup> The term “Market-On-Close” or “MOC” shall mean a BZX market order that is designated for execution only in the Closing Auction or Cboe Market Close. See Exchange Rule 11.23(a)(15).

<sup>7</sup> The term “Limit-On-Close” or “LOC” shall mean a BZX limit order that is designated for execution only in the Closing Auction. See Exchange Rule 11.23(a)(13).

orders are rejected. Similarly, Users may submit LLOC orders between the Closing Auction Cutoff (*i.e.*, 3:55 p.m.) and 4:00 p.m. ET. Any LLOC orders submitted before 3:55 p.m. or after 4:00 p.m. are rejected. Further, Eligible Auction Orders designated for the Closing Auction may not be cancelled between 3:55 p.m. and 4:00 p.m. The Exchange's Closing Auction provides a transparent auction process that determines a single price for the close. As the equities markets continue to evolve and become more efficient and automated, the Exchange believes that the current Closing Auction Cutoff is overly restrictive to market participants that wish to participate in the Exchange's Closing Auction and that typically have to tie up on close interest for five minutes or more at the end of the trading day to participate in the Closing Auction. Therefore, the Exchange proposes to modify Rule 11.23(c)(1)(A) to provide that Users may submit LOC and MOC orders until 3:59 p.m., at which point any additional LOC and MOC orders submitted will be rejected. Additionally, that the Exchange proposes to modify Rule 11.23(c)(1)(A) to provide that Users may submit LLOC orders between 3:59 p.m. and 4:00 p.m. and any LLOC orders submitted before 3:59 p.m. or after 4:00 p.m. will be rejected. The Exchange also proposes to modify Rule 11.23(c)(1)(B) to provide that Eligible Auction Orders designated for the Closing Auction may not be canceled between 3:59 and 4:00 p.m. The Exchange believes that this proposed change will enhance the experience provided to market participants who will be able to enter and interact with their on close orders later in the trading day. Similar to cutoffs provided by another equities exchange that operates a closing auction, the Exchange believes that the proposed Closing Auction Cutoff would give Participants greater control over their on close orders while still leaving enough time at the end of the trading day for market participants to react to and offset imbalances. Further, NYSE Arca, Inc. ("Arca"), already uses a 3:59 p.m. ET cutoff for regular MOC/LOC order entry in its closing auction, and the Exchange believes that this cutoff time reflects the efficiency and more automated nature of trading in today's market.<sup>8</sup>

The Exchange also proposes to amend the definitions of the LLOC and LLOO as provided in Rules 11.23(a)(11) and (12), respectively. The definitions of LLOC and LLOO provide that to the extent a LLOC or LLOO bid or offer

received by the Exchange has a limit price that is more aggressive than the National Best Bid ("NBB"),<sup>9</sup> or National Best Offer ("NBO"),<sup>10</sup> the price of such bid or offer is adjusted to be equal to the NBB or NBO, respectively, at the time of receipt by the Exchange. Where the NBB or NBO becomes more aggressive, the limit price of the LLOC or LLOO bid or offer will be adjusted to the more aggressive price, only to the extent that the more aggressive price is not more aggressive than the original User entered limit price. In addition, the current definitions provide that the limit price will "never" be adjusted to a less aggressive price.

Now, the Exchange proposes to amend Rules 11.23(a)(11) and (12) to provide that the limit price will not be adjusted to a less aggressive price, unless otherwise provided under Exchange Rules, rather than "never" be adjusted to a less aggressive price. In certain instances the System<sup>11</sup> may adjust the limit price to a less aggressive price if otherwise provided for by Exchange Rules. For example, assume a short sale LLOO or LLOC order was entered at a price less than the NBB while a short sale circuit breaker pursuant to Regulation SHO (the "SCCB")<sup>12</sup> was in effect. Pursuant to Rules 11.9(g)(5) and (6), the LLOO or LLOC order would be re-priced by the System at one minimum price variation above the NBB. If the NBB then increased, the limit price of the LLOO or LLOC would again be re-priced by the System to the less aggressive price of one minimum price variation above the new NBB. Given the foregoing, the Exchange is proposing to amend the Rule text to provide that the limit price will not update to a less aggressive price, unless otherwise provided by Exchange Rules, rather than will "never" update to a less aggressive price. Therefore, the proposed change is intended to provide that LLOO or LLOC orders may be re-priced if otherwise provided by Exchange Rules, such as pursuant to the Reg SHO price sliding.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>13</sup> Specifically,

the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>14</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>15</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

Specifically, the Exchange believes that extending the Closing Auction Cutoff for submitting on close orders will allow market participants to retain control over their orders for a longer period of time, and thereby assist those market participants in managing their trading at the close. While the Exchange currently has a Closing Auction Cutoff of 3:55 p.m., the Exchange does not believe five minutes is necessary for market participants to respond to and offset imbalances. In fact, in the Commission's approval order for a similar proposal by the Nasdaq Stock Market, LLC ("Nasdaq"),<sup>16</sup> the Commission stated that it "believes that extending these cutoff times would allow Exchange participants to retain flexibility with respect to entering, modifying, and cancelling their on close orders until a later time, while still providing time for Exchange participants to react and resolve imbalances in the Nasdaq Closing Cross."<sup>17</sup> Further, the Commission stated that it believes Nasdaq's proposal could encourage participation in the Nasdaq Closing Cross by market participants who are unwilling to give up flexibility and control over their on close orders at 3:50 p.m. The Exchange believes that market participants would be better served if the Closing Auction Cutoff was extended to 3:59 p.m. so that the period of time where market

participants have limited control over their orders is reduced. The Exchange believes that this will reduce risk for market participants that participate in the Exchange's Closing Auction, and improve price discovery by facilitating additional participation by market participants that may not be willing to lose control over their on close interest for five minutes.

The Exchange further believes that the proposal to extend the Closing Auction Cutoff would remove impediments to and perfect the mechanism of free and open markets and a national market system because it would more closely align the Exchange's Closing Auction Cutoff time with those of another equity exchange. For example, Arca already uses a 3:59 p.m. cutoff for regular MOC/LOC order entry in its closing auction and the Exchange believes that this cutoff time reflects the efficiency and more automated nature of trading in today's market.<sup>18</sup> The Exchange, therefore, believes that there is sufficient precedent in the industry for extending the Closing Auction Cutoff time to 3:59 p.m. as proposed. The Exchange also believes that the proposal would promote just and equitable principles of trade because the proposed rule change would not alter the basic operations of the Exchange's closing procedures. Rather, the proposed rule change would provide more time for order entry and cancellation leading into the close.

The Exchange's proposal to amend Rules 11.23(a)(11) and (12) to provide that a limit price will not be adjusted to a less aggressive price, rather than never be adjusted to a less aggressive price will clarify how the System handles LLOC and LLOO orders in conjunction with other applicable Exchange Rules. As noted above, in certain instances, such as when a short sale LLOC or LLOO order is entered during a SSCB, the System may re-price the order pursuant to Exchange Rules 11.9(g)(5) and (6). Therefore, the Exchange believes that amending Rules 11.23(a)(11) and (12) to provide that the limit price will not update to a less aggressive price, unless otherwise provided by Exchange Rules, will increase transparency around the operation of the Exchange to the benefit of all market participants. Therefore, the proposed change is intended only to clarify the Exchange Rules.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose

any burden on intermarket or intramarket competition not necessary or appropriate in furtherance of the purposes of the Act. Rather, the Exchange believes that the proposed rule change is evidence of the competitive forces in the equities markets. The Exchange currently uses a 3:55 p.m. Closing Auction Cutoff, which results in a five-minute period where participants in the Closing Auction no longer have the ability to enter additional MOC/LOC Orders, and have limited ability to interact with their already entered orders. Other exchanges, such as Arca, have adopted a shorter cutoff period.<sup>19</sup> The Exchange believes that the market participants that trade in the Exchange's Closing Auction would similarly benefit from a later Closing Auction Cutoff. The proposed cutoff time would apply equally to all market participants, and reflects the current market environment where trading is increasingly more automated and efficient, and where competing exchanges already offer a later cutoff time than those currently in place on the Exchange.

The Exchange believes the change to the definition of LLOC and LLOO as provided in Exchange Rules 11.23(a)(11) and (12) will have no impact on competition, as it is intended to clarify that such orders will not update to a less aggressive price unless otherwise provided by Exchange Rules.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange neither solicited nor received comments on the proposed rule change.

#### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission will:

- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-91474; File No. SR-FINRA-2020-031]

### Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Designation of Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change, as Modified by Amendment No. 1, To Adopt Proposed Rule 6439 (Requirements for Member Inter-Dealer Quotation Systems) and Rescind the Rules Related to the OTC Bulletin Board Service

April 5, 2021.

On September 24, 2020, the Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> a proposed rule change to rescind the rules related to the OTC Bulletin Board Service and cease its operation and to adopt new requirements for member inter-dealer quotation systems that disseminate quotations in equity securities traded over-the-counter ("OTC"). The proposed rule change was published for comment in the **Federal Register** on October 7, 2020.<sup>3</sup> On November 4, 2020, pursuant to Section 19(b)(2) of the Act,<sup>4</sup> the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.<sup>5</sup> On December 21, 2020, FINRA filed Amendment No. 1 to the proposed rule change.<sup>6</sup> On December 30, 2020, the Commission

published notice of Amendment No. 1 to solicit comments and instituted proceedings to determine whether to approve or disapprove the proposed rule change.<sup>7</sup>

Section 19(b)(2) of the Act<sup>8</sup> provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on October 7, 2020.<sup>9</sup> April 5, 2021 is 180 days from that date, and June 4, 2021 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change, the issues raised in the comment letters that have been submitted in connection therewith, and the Exchange's responses to comments. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,<sup>10</sup> designates June 4, 2021 as the date by which the Commission should either approve or disapprove the proposed rule change (File No. SR-FINRA-2020-031).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>11</sup>
